

HIMALAYAN MANUFACTURING INDUSTRIES

Annual ESG & Environmental Sustainability Audit Report - FY2023-24

Company: Himalayan Manufacturing Industries	Audit Ref: ESG-HMI-2023-24
Business Sector: Heavy Engineering & Precision Auto Components	Reporting Period: 2023-04-01 to 2024-03-31
Facility Location: Industrial Cluster, Haridwar, Uttarakhand	Certifications: ISO 14001:2015, ISO 9001:2015
Auditor Agency: EcoAudit Global Standards Ltd.	Compliance Status: Compliant

Executive Summary: This annual sustainability disclosure presents comprehensive environmental indicators across energy utilization, water consumption, circular waste management, and Scope 1 and Scope 2 greenhouse gas emissions for the audited financial year.

Section 1: Energy, Water & Waste Resource Profile

Resource Parameter	Annual Volume	Unit	Performance Note
Total Electricity Consumption	340,000.00	kWh	Grid Power
Freshwater Municipal Withdrawal	42,800.00	kL	Factory Consumption
Recycled Effluent Water	36,380.00	kL	85% Circular Recovery
Hazardous Waste Generated	4,200.00	kg	TSDf Authorized Disposal

Section 2: Carbon Footprint & Scope 1/2 Greenhouse Gas Emissions

Emissions Source	Activity Parameter	Calculated GHG	Standard Protocol
Scope 1 Direct GHG Emissions	Diesel DG Sets & Fleet	7.50	tCO2e
Scope 2 Indirect GHG Emissions	Purchased Electricity (340,000 kWh)	58.40	tCO2e
Total Operational GHG Footprint	Consolidated Scope 1 + Scope 2	65.90	tCO2e

Compliance Declaration: The facility maintains active ISO 14001:2015 accreditation and adheres strictly to the statutory guidelines prescribed by the State Pollution Control Board.
